Gadoya Holdings

Our parent company

GadoyaHoldings began its journey in 1990 as a humble ten-person company led by the visionary Mr. Satish Gadoya. The business has grown from strength to strength under his stewardship, today the business is amongst the most successful and well respected in the region.

GadoyaHoldings today is a diversified conglomerate that has varied business interests in industries such as advertising, healthcare, engineering, electrical, plastics, technology, travel, real estate

While the business has continued to prosper and grow, we continue with the same humble principals and will always put the customer first.

Our Group Of Companies

UAE • OMAN • QATAR • INDIA

WHAT WE DO

Sabin Sign Advertising LLC is a leading production house in the UAE, a company that many of the leading brands in region have come to depend on make their vision come true. The company is a part of the diversified multi conglomerate Gadoya Holdings.

The company is home to some of the finest talent, a team that is highly experienced, passionate and driven to ensure customer satisfaction.

Our facility houses an in-house manufacturing acrylic and polycarbonate unit. We also are one of the leading distributors of materials used for signage and displays.

As a business we have made a conscious decision to reduce our carbon footprint, by introducing processes to reduce waste and introducing best practices to manufacturing techniques. We have also invested heavily in the latest technologies to ensure we are doing our best for a greener future.

SCOPE OF WORK

ACRYLIC FABRICATION | SIGNAGES | DIGITAL PRINTING | RETAIL DISPLAYS & JOINERY | ROOFINGS

BESPOKE ACRYLIC FABRICATION

COSMETIC CASSETTES | BALUSTRADE

DOMES | RAFFLE DRUMS | BAR COUNTERS

Acrylic fabrication allows you to mould the essence of your brand into tangible stories for the world to see. Through laser cutting and engraving using acrylic - you can create a legacy that can continue to raise the bar.

Day & Night Printing | High speed production | Immersive Printing

Our latest HP Latex printer will revolutionize the print industry with its impeccable quality.

The colours are more vivid than ever and the white is the glossiest white you can ever achieve.

We at Sabin Sign offer to print on any media i.e. any rigid and non-rigid making us the one stop shop for all printing solutions

Glossiest White print modes

The HP Latex R Printer Series is capable of printing white and colored inks in four modes, depending on the intended application and media to be used.

- Underflood
- Overflood
- Spot mode
- Sandwich mode

 No hazard warning labels	 Odorless prints	 Non-flammable	 Non-combustible
 Nickel free	 No localized ventilation required	 No hazardous air pollutants	 Environmental Certifications

At Sabin, we want to make a lasting impression and lead the way within the print industry offering a greener solution to our customers.

First & Only Sustainable Printing in UAE

Our eco-friendly printer makes it suitable for the printed media to be used from hospitals to educational institutes to commercial uses.

SIGNAGES

3D SIGNAGES | 2D SIGNAGES | PYLON SIGN
DIRECTIONAL SIGN

Signage was set up to manufacture state-of-the-art communications for a fast-paced business environment like the Middle East. Signage promises quality service and delivers the required quantity in record time, after a thorough consultation with the client and brand managers.

DIGITAL CUTTING SOLUTION

Zund Cutting machine is best used for cutting materials that cannot be cut on the laser cutter. The machine has quite a unique specification and will be the only one of this spec in the UAE, giving us the ability to cut medias upto 2.7M wide and unlimited length capability.
